Download the entry form and instructions from <http://sanssoucifest.org/>

Sans Souci, an international festival of dance cinema, invites submissions for our fifth annual festival. We show work that integrates dance and cinematography. When selecting works we consider production values, thoughtful forms and themes, investigative/innovative/experimental approaches, audience appeal, and how the piece will fit with or complement others we are considering. None of these criteria is a must; none are more important than the others; excellence in any one or two areas may be sufficient for acceptance.
